

Solar Deck Light

Catalog Number: *SDL-1*

Product Type: *Solar Lighting*

Applications:

Ground and pathway lighting without nearby power for docks, piers, decks, stairs, pool areas, walk ways and landscaping. This is a cost effective way to bring safety, security and aesthetics to your facility without expensive wiring and labor. It also supports the alternative energy "green" initiative.

Descriptions:

Solar powered 360 degree light features a PVC, marine-grade housing, prismatic lens & reflector with integral solar panel, LED light and rechargeable battery. Operates automatically dusk-to-dawn with photoelectric control. Includes slip fitters for three size posts or flat mounting.
