

*Solar Deck Light*

**Catalog Number:** *SDL-4*

**Product Type:** *Solar Lighting*

### ***Applications:***

Ground level lighting needs without nearby power for docks, piers, swim rafts, decks, stairs, pool areas, and walk ways. This is a cost effective way to bring safety, security and aesthetics to your facility without expensive wiring and labor. It also supports the alternative energy "green" initiative.

### ***Description:***

Solar powered 2-way light features an anodized aluminum, marine-grade housing, integrated reflector with integral solar panel, LED lights and rechargeable batteries. Operates automatically dusk-to-dawn with photoelectric control.

### ***Specifications:***

- Light Source: (4) Super-brite white LEDs
- Battery: (2) AAA 1.5 volt, Rechargeable, 1000mA
- Solar Panel: .4 watt
- Estimated Run Time: ~8-12 hours (based on solar charging conditions)
- Mounting: (2) 3/16" diameter holes
- Dimensions: 4" x 4" x .80"
- Weight: 0.6 lb

***Open 8:30AM - 5PM Coast to Coast***
